Invitation to contribute to Menopause Live

Dear IMS member

It is already a year since the inception of the new e-service entitled *Menopause Live*, with the aim of bringing to you every week commentaries on recent publications in the various fields of menopause and climacteric medicine. We hope that you enjoy reading each edition.

We now request those IMS members who would be willing to contribute to *Menopause Live* to notify the IMS office so that we can ask you in the future to prepare a short communication on a designated article. We are not necessarily looking for an expert opinion, but for a comment from an experienced menopause practitioner, which may include a personal opinion. Some people have expressed their concern about contributing because of their 'poor English', but let us assure you that this should not be an obstacle. We are very happy to offer our assistance in editing a contribution. So please join the list of potential commentators and make *Menopause Live* a service for all IMS members by all IMS members.

We look forward to hearing from you!

Jean Wright and Amos Pines
